# **SITUATION SUMMARY**

## **Butts Incident, Vegetation Fire, Napa County**

### **Fire Information:**

- Per ICS 209 dated 07/02/14 at 0545 hours
- 3200 acres brush, 30% contained
- Structures Threatened: 380
- Structures Destroyed: 5
- Five Local Government Type III Strike Teams
- CAL FIRE IMT 5 has been activated
- Fire Management Assistance Grant (FMAG) was approved with the FMAG number to be assigned.

### **Emergency Management:**

#### **Evacuations/Shelters**

- Approximately 200 homes in Berryessa Estates are evacuated to Middletown High School
- Approximately 50 residents from the Berryessa Estates chose to stay and were allowed to stay at their residence.
- Evacuation Shelter opened at Middletown High School; Overnight population: 30

### **Cal OES Law Enforcement Branch**

- Napa County Sheriff is not requesting any assistance but Cal OES LDO and Region 2 LE Coordinator have been in contact with the Regional Mutual Aid Coordinator (RMAC), Alameda County Sheriff, and will continue to monitor the fires progress.

### **Critical Infrastructure**

- Public Safety Communications has assigned three technicians.

# **SITUATION SUMMARY**

## **West, Vegetation Fire, Trinity County**

### **Fire Information:**

- 50 acres brush, 30% contained
- Moderate to Rapid Rate of Spread
- Multiple structures are threatened
- Commitment of CAL FIRE Air and Ground Resources. Resources on scene include: 5 engines, 1 dozer, 4 crews, 2 helicopters, 1 air attack, and 4 air tankers.

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Significant Weather**

### **Heat:**

- Excessive Heat Warning remains in effect until 2200 hours this evening below 4000 feet for areas of Inyo and San Bernardino Counties.

### **Fire Weather:**

- A Red Flag Warning from 1300 hours to 2100 hours today for Shasta, Tehama, Humboldt, Lake, Trinity, and Mendocino Counties.
- A Red Flag Warning in effect until 2300 hours today for Siskiyou and Modoc counties.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

A series of disturbances passing over northwest California will generate isolated to scattered dry thunderstorms across interior locations this afternoon and early evening across interior portions of northwest California.

#### **San Francisco Weather:**

Little change is forecast through Friday. A relatively deep marine layer along with moderate onshore flow will result in widespread night and morning low clouds, along with patchy fog And drizzle near the ocean. Temperatures will remain slightly below normal in most areas through Friday. Warming is forecast during the upcoming weekend as an upper level high pressure ridge over the desert southwest builds to the west over California.

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY**

#### **Sacramento Weather:**

Near to slightly above normal temperatures expected through Friday, then trending upwards and becoming hot by early next week. Dry weather expected except a slight chance of thunderstorms over the northern coastal mountains today, then a slight chance of thunderstorms over the Sierra by the middle of next week.

#### **Hanford Weather:**

Low pressure system passing to the north will bring breezy conditions to the west side of the San Joaquin valley this morning. Otherwise, above normal temperatures and mainly clear skies this week across the region under high pressure.

## **WEATHER SYNOPSIS BY REGION: (Cont.)**

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

A trough of low pressure will bring continued overnight low clouds and fog through at least Friday, with temperatures below normal for the coast and valleys and above normal in the interior. High pressure will build over the weekend and the marine layer may lessen along the beaches, with only minor temperature changes.

#### **Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

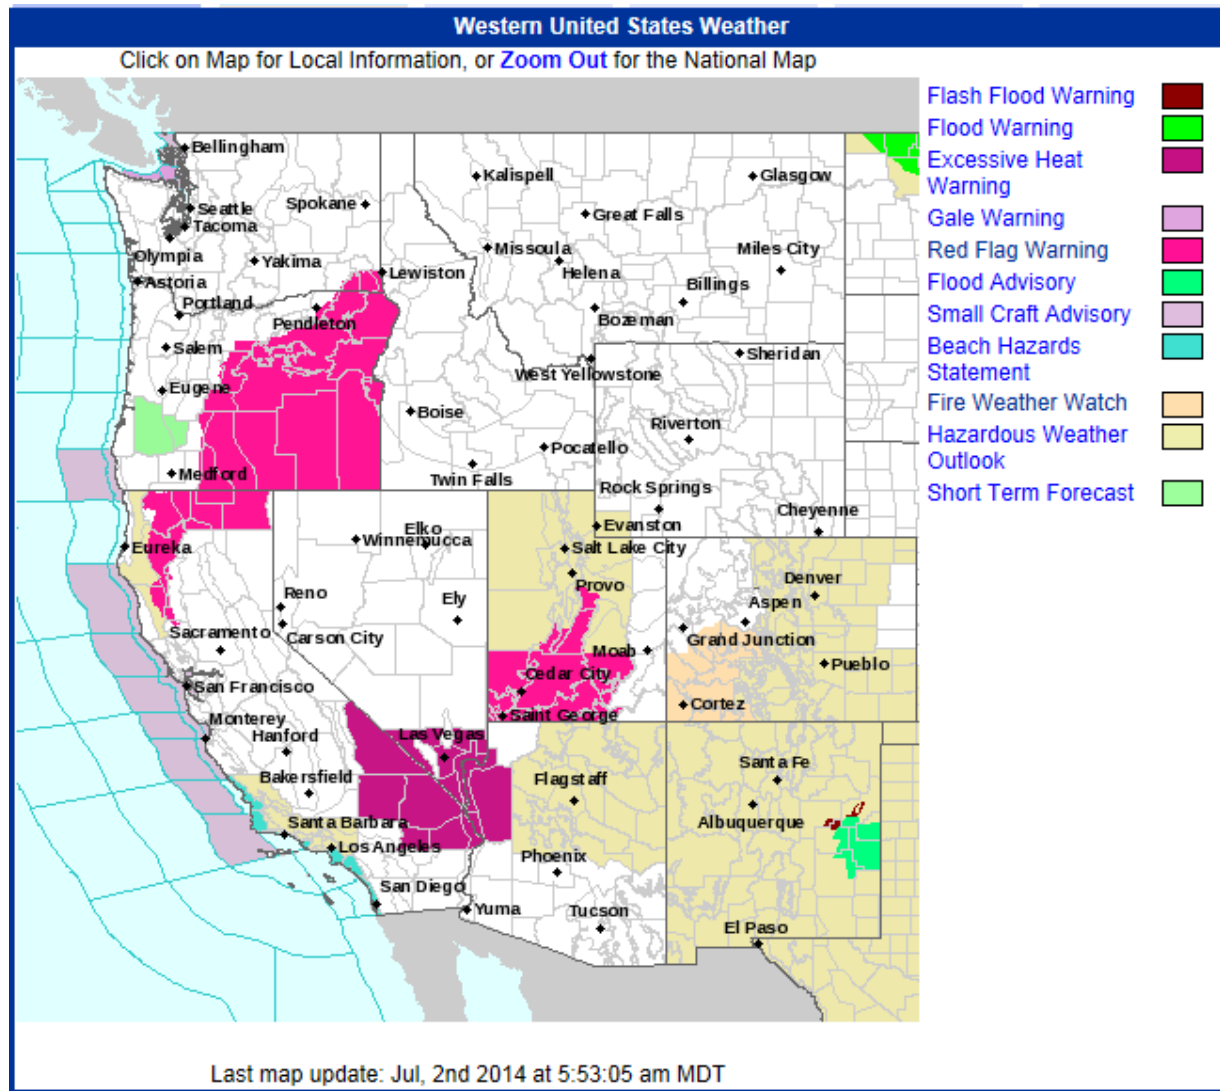

Daytime temperatures will remain near seasonal averages through Thursday, with a shallow marine layer bringing low clouds and fog to the coastal areas and portions of the inland valleys during the nights and mornings. Locally gusty west winds will develop in the mountains and deserts each afternoon and evening. Some sub-tropical moisture could move in from the southeast as early as Friday, increasing on Saturday. This will likely bring lots of mid and high clouds to the region, with a chance of showers and thunderstorms over the mountains on Saturday. Moisture and clouds decrease for the first half of next week.

#### **Southeast California Weather:**

One more day of mainly clear skies and above normal temperatures is expected today as high pressure remains over the region, with many lower desert locations reaching, or exceeding 110 for highs. A cooling trend is then expected to begin on Thursday, and then continue into the weekend as monsoon moisture, in the form of clouds, higher humidities and increasing storm chances, spreads northward into the region from Mexico. Storm chances peak for the Fourth of July holiday, where storms and their associated impacts could reach as far west as the lower Colorado River valley. Warmer temperatures and less monsoon activity is then expected for early next week as high pressure attempts to rebuild over the region.

### **Fire Information:**

- Per ICS 209 dated 07/02/14 at 0545 hours
- 3200 acres brush, 30% contained
- Structures Threatened: 380
- Structures Destroyed: 5
- Five Local Government Type III Strike Teams
- CAL FIRE IMT 5 has been activated
- Fire Management Assistance Grant (FMAG) was approved with the FMAG number to be assigned.

### **Emergency Management:**

#### **Evacuations/Shelters**

- Approximately 200 homes in Berryessa Estates are being evacuated to Middletown High School
- Evacuation Shelter opened at Middletown High School, 20932 Big Canyon Rd, Middletown, Ca; Overnight population: 30
- Approximately 50 residents from the Berryessa Estates chose to stay and were allowed to stay at their residence.

### **Cal OES Deployments**

- Cal OES Assistant Fire Chief Salvate is on scene

### **Road Closures**

- Butts Canyon Road and Snell Valley to the north and at Aetna Springs Road to the south
- Road closures being manned by California Highway Patrol

# **CAL OES ACTIVATIONS**

## **Cal EOC Incident – 2014 Drought**

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

## **Situational Summary**

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

**\*\*As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.\***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2014-LAW-3961**, On behalf of Fairfield Police Department, Solano County Sheriff is requesting one Human Remains Detection (HRD) K9 to assist in a 30 year cold case homicide. The Cal OES Law Duty Officer is coordinating resources.
- **2014-LAW-2798**, El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2483**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

# CAL OES MISSIONS

## Closed Cal OES Missions

- **2014-LAW-0966**, A SPOT Device activation in Tulare County the owner mike Reed 55 year old male, son Brent 20 year old male, off duty Bakersfield PD, traveling on motorcycles, Tulare Co has been notified due to vehicles being involved. The Cal OES Law Duty Officer is coordinating resources. The injured 20 year old male was transported via ambulance to San Joaquin Memorial Hospital in Bakersfield for non-life threatening injuries. The SPOT device was deactivated and LDO updated IERCC. **Mission Closed**

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
